Memorandum

To: Dr. Tatyana Ivanova-Nikolova, Assistant Professor

From: D.A. Taylor, Ph.D., Professor and Chair 

Date: 12/6/2006

Re: Request for Adding Material to the Personnel Action Dossier

The Department of Pharmacology and Toxicology Personnel Committee and Tenure Committee have reviewed the material that you requested be added to your Personnel Action Dossier. The committees have reviewed the PAD in light of this additional material and have not altered the original decision to recommend that you not be promoted or granted tenure. I have concurred with that decision and the material has been added to the PAD that will be reviewed by the school-wide Tenure and Promotion Committee.

Cc: Dr. Abdel Abdel-Rahman, Chair, Department of Pharmacology and Toxicology Personnel Committee
